Capitalism Wikipedia

December 10th, 2018 - Capitalism is an economic system based on the private ownership of the means of production and their operation for profit Characteristics central to capitalism include private property capital accumulation wage labor voluntary exchange a price system and competitive markets In a capitalist market economy decision making and investment are determined by every owner of wealth property

Economics Wikipedia

December 7th, 2018 - Economics is the social science that studies the production distribution and consumption of goods and services Economics focuses on the behaviour and interactions of economic agents and how economies work Microeconomics analyzes basic elements in the economy including individual agents and markets their interactions and the outcomes of interactions

Economic Manuscripts Capital Vol I Chapter Ten

November 29th, 2018 - Capital Vol I Chapter Ten The Working Day Capital has not invented surplus labour Wherever a part of society possesses the monopoly of the means of production the labourer free or not free must add to the working time necessary for his own maintenance an extra working time in order to produce the means of subsistence for the owners of the means of production whether this proprietor

Economic Manuscripts Capital Vol I Chapter One

November 29th, 2018 - At first sight a commodity presented itself to us as a complex of two things - use value and exchange value Later on we saw also that labour too possesses the same two fold nature for so far as it finds expression in value it does not possess the same characteristics that belong to it as a creator of use values

The economics of apartheid An introduction Economic

September 28th, 2014 - ABSTRACTTwenty years after apartheid was formally abolished it continues to shape South African society Its legacy persists over and above interest in it as a perverse phenomenon We therefore find it timely as part of our introduction to this special issue to review some important studies of the economic aspects and particularly some newer research by young scholars
